セイレーンの魔女-I

Seiren-I

Even now, I don't know what part of that man piqued my interest.
It's just that, he...
looked isolated, far from any shore in the world...
Like he was the same as me ...
Answer the riddle?
Your eyes can't see me, but I'm right in front of you. When you touch me with your hand, I turn into something else, and you absolutely cannot catch me... what am I?

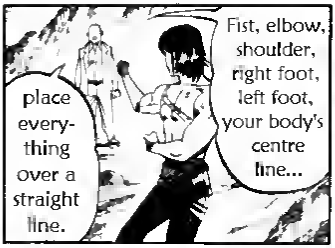
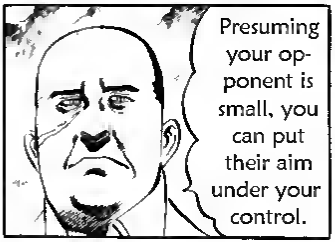
ゴオオ



Fist, elbow, shoulder, right foot, left foot, your body's centre line...
place everything over a straight line.

ゴオオ…



Presuming your opponent is small, you can put their aim under your control.

And, at the instant of attack, you must always breathe.
In even one single simple motion, humans move tens of muscles.

Take in every sign!

Take it in!!
Don't decide!
Don't think!
Carve them into every one of your cells!
There are 'signs' in every action!
There might be some senses in Chinese kenpo, but...
I'll need you to throw out all of what you've learned up until now.

It has no name.
My teacher said "names just restrict art", so I don't know the name of this technique either.
Russo Arlacchi ...
what do you... call your Chinese kenpo?
Do you think that I protected guard targets from however many bullets without any weapon whatsoever?
.....
Do you think that right arm is useless?

I will thoroughly temper you into a "shield" stronger than anything in this world!
Now stand, Karito!

Don't follow them!

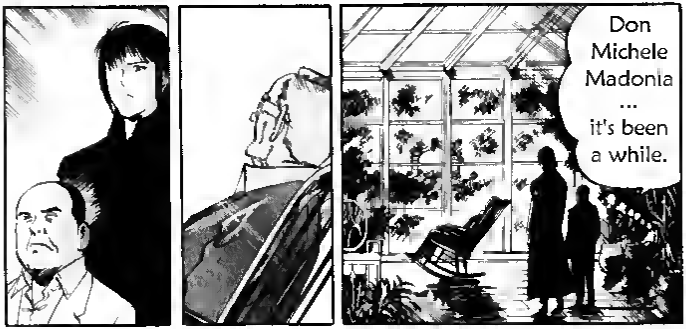
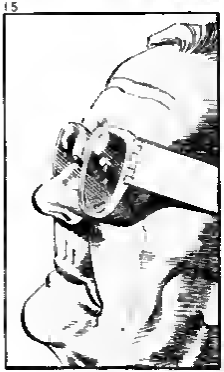
The men who got away will, above all, circulate rumours.
Rumours will become all of your weapons!
Russo... two days from now at my estate... we'll talk there.

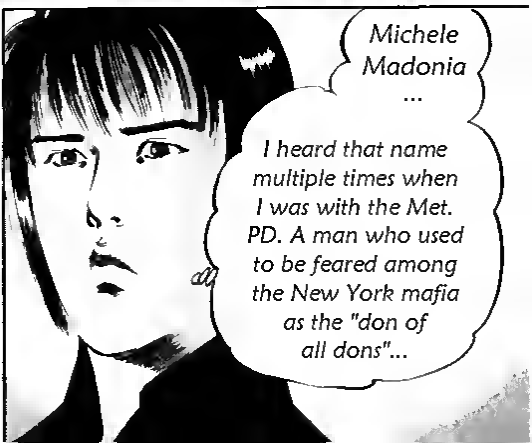
"Aegis" ...!
It will make the name of "Aegis" resound through the darkness of this island!
14
No way, the successor to the legendary "protector Aegis"?
The Asian "protector" who fells bullets with his bare hands?
"Aegis" ...
"Aegis" ...!
Yeah! That old man didn't die... the name "Aegis" has already spread among the young guys...

TL: "aigisu" instead of the normal "i~jisu"

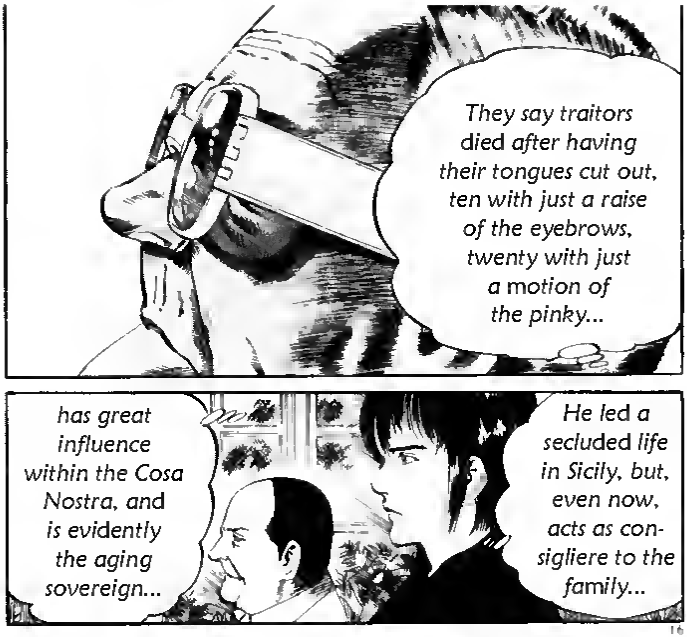


Don Michele Madonia ... it's been a while.





Michele Madonia ...
I heard that name multiple times when I was with the Met. PD. A man who used to be feared among the New York mafia as the "don of all dons"...



They say traitors died after having their tongues cut out, ten with just a raise of the eyebrows, twenty with just a motion of the pinky...
has great influence within the Cosa Nostra, and is evidently the aging sovereign...
He led a secluded life in Sicily, but, even now, acts as consigliere to the family...
16
I've kept on waiting, Russo...
for the day that you'd come home.
I had no intention... to ever meet you again while I lived.

There's some-
one I want
protected by
your succes-
sor, the man
known as
"Aegis".

On the

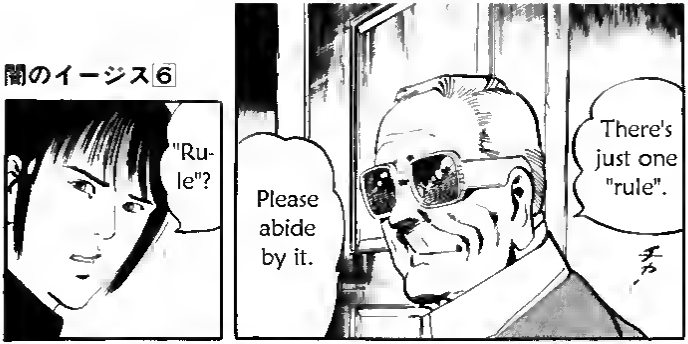
this door.
But please
enter by
yourself.



"Rule"?
Please abide by it.
There's just one "rule".

You'll understand soon enough.

Answer the riddle.
A storage room ...?

What am I?
Even though I'm unseen, I'm called beautiful; even though I'm unseen, I'm called high; even though I'm unseen, I'm called deep.
Answer all my questions. Otherwise, go home.
We operate under that rule here...

The answer ...
is "a voice"!
.....
The "protector", Tate Karito ...
What is your name?

Answer the next riddle?
.....
My name is Anna.
But everyone calls me "witch".
I can go forward, stop, and be late...
but not walk or run. What am I?
